Measures taken by Yokohama National University  
following the phishing website set up by an unauthorized access

Yokohama National University hereby releases the measures taken following the phishing website set up by an unauthorized access announced on October 23<sup>rd</sup>, 2007.

In the morning of November 2<sup>nd</sup> (Fri.), Yokohama National University has filed a damage report to the Hodogaya Police Station of the Kanagawa Prefectural Police.

Following this incident, Yokohama National University will strengthen its awareness and measures for the network security and review the oversight system to avoid the same incident to happen again.
