WHAT TO DO IN CASE OF A MAJOR EARTHQUAKE

- 1 ● Protect yourself from collapsing and falling objects. Stay calm and wait for the tremor to stop.
- 2 ● Open the doors, check evacuation routes and emergency exits. Do not use elevators.
- 3 ● Extinguish fire. If a fire breaks out, work in a group to extinguish it as soon as possible.
- 4 ● If someone is injured, work together to rescue them and move them to a safer place.
- 5 ● Move to the designated evacuation area and report your safety.

THE EVACUATION AREA IN YNU
