

Division of Materials Science and Chemical Engineering in Yokohama National University (YNU) invites application for a tenure-track position at the tenure-track (TT) associate professor level in the field of Analytical Chemistry indicated as follows.

1. The position starts from April 1<sup>st</sup>, 2014 and lasts until March 31<sup>st</sup>, 2019.
2. The appointee is expected to teach undergraduate and graduate level courses in the areas of Analytical Chemistry and Cosmogeochimistry.
3. The appointee is expected to have research experiences in the fields of experimental work of analytical chemistry or interdisciplinary studies by utilizing analytical chemistry.
4. The appointee will receive intermediate reviews each year (mandatory) and a final review by the end of March, 2018. The final review will be held based on the request of the appointee. The criteria of the attainment of the research and education to start the final review are open on the web site (in-campus only) and will be disclosed to the candidate upon request.
5. Based on these reviews, those who show excellence in research and teaching, and proficiency in Japanese will be promoted to the rank of tenured associate professor.
6. Applicants must have a doctoral degree at the start of the position. The applicant whose mother tongue is not Japanese should have a working knowledge of Japanese in order to carry out education and research activities. The selection process does not exclude applicants because of nationality, gender or age.
7. Complete applications received by 16:00 (Japan Standard Time), July 30th, 2013, will be assured of consideration. A complete application will consist of:
  - (1) Application form (Curriculum Vitae, List of Publications, Patents, etc.)
  - (2) Up to 5 representative publications.
  - (3) Summary of research contributions (up to 2 pages including figures)
  - (4) Research plan and your research goals at YNU (up to 2 pages including figures).
  - (5) A short statement of your educational goals (up to 1 page).
  - (6) A list of research funds obtained in the past.
  - (7) Contact addresses of two references.

Those whose mother tongues are not Japanese may apply in English.

8. The complete application consisting of documents (1) to (7) should be sent as a single PDF file attachment by email to the two addresses below. Acknowledgment will be sent upon acceptance of the application. Specify the title (Subject) as "Application for the tenure-track position YNU (Analytical Chemistry)". If it is difficult to convert the representative publications into PDF files, you may only send the rest of the documents as a single PDF file attachment by email, and send four hard copies of the representative publications to the address below by courier mail.

Email address: [kubota@ynu.ac.jp](mailto:kubota@ynu.ac.jp)

And also send PDF file as a C.C. mail to “kkensei@ynu.ac.jp”

Mail address: Professor Yoshihiro Kubota, Graduate School of Engineering, Yokohama National University, 79-5 Tokiwadai, Hodogaya-ku, Yokohama 240-8501, Japan

9. YNU welcomes the application of women and non-Japanese researchers.

10. The documents sent will be used only for this application, and will be erased/discarded safely after the selection.
