PROGRAM SUMMARY

This is a 4-week Academic Homestay Program. Portland State University (PSU) provides students with daily American English classes, cultural afternoon excursions and a choice of an afternoon "plus" course:

Intercultural Communications or American Business.

This program is open to any college student from Japan.

Homestay Program

Your host family is recruited and screened by a Non-Profit Organization, ANDEO. ANDEO's homestay coordinators find your host family based on your hobbies, pet allergies, etc. (for more info. Visit: www.andeo.org) Host families come in all shapes and sizes, but what they all have in common is their interest in sharing cultural experiences. You will receive a host family profile and contact information at least one week prior to the program start date.

Afternoon Excursions

- Intercultural Communication excursions to Medical Teams International, intercultural institutions, etc.
- Business excursions to a couple of local small/international businesses
- Woodburn Outlet Mall shopping
- Columbia Gorge sightseeing
- River rafting day trip
- Seattle day trip
