Your Future Starts Here!

Yokohama National University (YNU) is proud to announce the launch of its very first Summer Program for foreign students beginning on July 4th, 2016. Participating students will have the opportunity to attend on-campus Japanese language classes with our experienced instructors, as well as lectures on Japanese society and traditions to enhance a deeper understanding on Japanese life and culture.

During the session, we will also provide off-campus activities such as field trips to cultural / historical sites in the Yokohama area. Yokohama is widely known as one of the most important bases for international business in Japan, having a long history of international trade since 1859, when Yokohama became one of the first trading ports in Japan.

YNU will look forward to welcoming many students from our partners around the world to experience the historical yet multicultural atmosphere here in Yokohama, the home of YNU.
